PROFESSIONAL EXPERIENCE & VENTURES

Founder & Chief Executive Officer

2024 - Present | Lahore, Pakistan

Al Nibras Group (NGO & Social Enterprise)

- Established Pakistan first structured School-to-Business pipeline, delivering mentorship and incubation to 1,000+ ambitious students across urban and regional academic institutions.
- Formulated the 4 foundational pillars (Innovate, Empower, Execute, Elevate) guiding raw student ideas into validated, scalable ventures.
- Directed community outreach programs, nationwide innovation bootcamps, and institutional partnerships.

Lead Full-Stack Architect & Agency Director

2024 - Present | Global

ANG Digital Agency

- Leading an agile digital agency delivering full-lifecycle engineering across 12 disciplines including React web applications, native mobile apps, and autonomous AI systems.
- Engineered robust CI/CD pipelines, dark-mode design systems, and SEO/Core-Web-Vitals architectures delivering sub-second response times and 99.9% production uptime.

KEY SHIPPED PROJECTS & PLATFORMS

Al Nibras Finance | React, TypeScript, Tailwind CSS, Islamic Finance UX
Built a Sharia-compliant family banking platform with parent controls, child wallets, 0% interest halal ledger balancing, and interactive youth financial courses (https://al-nibras.vercel.app/).

Al Nibras Group Flagship Platform | React, TypeScript, i18n, Motion Design
Architected bilingual corporate portal showcasing student venture cohorts, dynamic storytelling, and direct incubation enrollment funnels (https://al-nibras-website.vercel.app/).

Syed Ejaz Gillani - Author Portfolio | React, Tailwind, Responsive Architecture
Designed and deployed comprehensive literary portfolio featuring book catalog, reader review showcases, dynamic lighting themes, and author contact funnels (https://syedejaz.com/).

Umrah Ride Buddy | React, TypeScript, Booking Engine, Mobile UX
Engineered pilgrim transport booking system covering Makkah, Madinah, and Jeddah with multi-currency fares and automated dispatch integration (https://project-ma81j.vercel.app/).
